How to read this page. The scale runs 1 = Strongly Disapprove to 5 = Strongly Approve, so average scores range from 1 to 5 and higher is better. Percentages are of the Total Number of Respondents, which excludes those answering No Opinion and those who did not answer; No Opinion is reported separately in its own column. The right-hand pair of columns compares this judicial official's average on each item with the average for all district court judicial officials, pooled across their responses.
