# Wyoming State Bar Judicial Advisory Poll, 2020

## 1. Introduction

In the spring of 2020, the Wyoming State Bar commissioned the Wyoming Survey & Analysis Center (WYSAC) at the University of Wyoming to administer the 2020 Wyoming Judicial Advisory Poll. Sharon Wilkinson, Executive Director of the Wyoming State Bar, coordinated the project activities for the Bar.

This document presents the tabulations and analyses performed on the results of the poll.

The Wyoming State Bar undertook its first judicial evaluation poll in 1976 and has completed one each election year since. The goals and uses of the Wyoming Judicial Advisory poll conform to the American Bar Association (ABA) guidelines as well as to the practices of other Bar associations.

Judicial evaluation polls are used by Bar associations to provide feedback to judicial officials about their performance on the bench and to help the public make more informed judgments in judicial elections. Guidelines established by the ABA state that the primary goal of judicial evaluation is “... to improve the performance of individual judges and the judiciary as a whole.”

The evaluations received for Wyoming Judges in the 2020 Wyoming Judicial Advisory Poll will be distributed as follows. First, a copy of this report is sent to all Wyoming Judges who were evaluated. In addition to the information contained in the general report, individual judicial officials receive any written comments submitted by members of the Wyoming State Bar responding to this poll regarding their work on the bench (anonymously). Comments about judges are released only to the specific judge that they were made about. These comments are not included in the report sent to the Wyoming State Bar. Second, all data results are released to the media prior to the election and published on the Wyoming State Bar website.

## 2. Report Organization

The remainder of this report is organized in the following manner:

- Section 3 is a concise account of the methodology and timeline used by WYSAC to conduct the poll.
- Section 4 relays the condensed results of support for retention for all relevant judicial officials in the “Support for Judicial Officials Standing for Retention” table. Also included is the “Comparison of Ratings by Judicial Level” table, which presents the means for all items on the survey, organized by judicial level.
- Section 5 presents the detailed ratings of individual judicial officials, grouped by judicial level and then, within each level, arranged alphabetically according to the judicial official’s last name.
- Section 6 provides a copy of the survey instrument.

### 3. Methods

#### 3.1. Questionnaire Development

There were no changes to the survey instrument in 2020. The questionnaire items judicial officials were rated upon remained unchanged from 2018. The response choice scale for all performance ratings was the same five point fully balanced Likert scale introduced in a previous survey iteration. This scale includes the following options for each judge: strongly disapprove, somewhat disapprove, neither approve nor disapprove, somewhat approve, strongly approve. The use of this scale controls for bias of the ratings provided by the respondents to the survey.

#### 3.2. Survey Administration

As was the case in the past seven iterations (2006, 2008, 2010, 2012, 2014, 2016, 2018), this year the Judicial Advisory Poll was conducted as a web-based survey.

WYSAC revised and updated the survey instrument to reflect the current Wyoming judiciary. WYSAC received an electronic list with names and email addresses of all Wyoming attorneys who are members of the Wyoming State Bar, and are believed to practice in Wyoming. There were 1,700 Wyoming attorneys on that list.

The poll was launched on August 12<sup>th</sup> with an email invitation for participation. Prior to this initial email invitation, Sharon Wilkinson of the Wyoming State Bar emailed all attorneys to inform them of the upcoming survey and explain the important of the project. To all attorneys who had not yet responded with completed surveys, reminder emails were sent roughly every week. A total of five reminder emails were sent to all attorneys who had not yet completed a survey.

The survey closed on September 25<sup>th</sup>, providing all attorneys more than five weeks to respond. After closing, the online database was exported into a format suitable for data analysis. A total of 842 attorneys *accessed* the online survey. A total of 681 valid completions were obtained before the cut-off date. From the original respondent list, a number of attorneys contacted WYSAC to explain that they did not feel qualified to evaluate any Wyoming judge, were not currently practicing, felt they were ineligible for the survey, or explicitly refused to respond. In a few cases the email address available to WYSAC came back as undeliverable. These brought down the number of potentially eligible respondents to 1607. Thus the total of 681 completions accounts for a response rate of 42.5%.

The results were are presented in the tables in *Section 4. Group Results* and *Section 5. Individual Results*.

### 3.3. Interpreting the Numeric Ratings

The rating system used in this year's poll was a fully-balanced five point Likert scale, where 1 stands for "Strongly Disapprove", 2 for "Somewhat Disapprove", 3 for "Neither Approve nor Disapprove", 4 for "Somewhat Approve", 5 for "Strongly Approve." Thus, mean scores can range from 1 to 5 with 5 being the highest and most favorable rating.

Attorneys were asked to rate the Wyoming Supreme Court Justices on ten distinct categories, such as *knowledge of the law* and *courteousness and politeness*. All other judges were rated on 11 categories, eight of which were also used to rate the justices. The 2020 Wyoming Judicial Advisory Poll report is based upon completed surveys that were submitted electronically by September 25<sup>th</sup>, 2020. Individual reports for each judicial official are based on the completed responses on each characteristic if and only if the Bar member responding had affirmed (in an answer to a previous question) that they had appeared before the respective judicial official during the past 24 months.

In the case of Supreme Court Justices, evaluations were also allowed based on reading written opinions from those Justices. Bar members were asked to report the basis for their evaluations of the justices (i.e., reading of judicial decisions, appearances before the court, or both).

Bar members were asked whether they favor or oppose the retention of a particular judge. In all cases, they were asked this question only if a particular judge was indeed standing for retention.

The table and guidelines on the following page, "Interpreting the Numeric Ratings" illustrates the summary evaluations received by a hypothetical Justice Woods and outlines suggestions for interpreting the evaluations. Interpreting the numeric ratings can be approached in two ways:

**One.** Looking at the average scores of a judicial official and how they compare to the average scores of peer judicial officials on the Wyoming Supreme Court, State District Court, or Circuit Court.

**Two.** Looking at the percentage distributions of the responses (Strongly Disapprove, Somewhat Disapprove, Neither Approve nor Disapprove, Somewhat Approve, Strongly Approve) to each item on the survey.

Consider a situation where the average score for District Court Judges on *open-mindedness and impartiality in judicial matters* is 3.6, and where one judge scores 3.2 and another scores 4.1 on this item. This means that the first judge scored worse on that particular item compared to the average court score, whereas the second judge scored above the average for the court.

**Table 1. Interpreting the Numeric Ratings**

		<i>Oppose</i>						15.9%	19.1%

**GUIDELINES**

“Justice Woods” was evaluated by 300 attorneys on *Attentiveness to arguments of counsel* and 304 on *Courteousness and politeness*. These numbers vary since each attorney may or may not have answered each rating question.

Justice Woods wants:

- An average score better (higher) than his peers for all items.
- A majority of “Strongly Approve” and “Somewhat Approve” ratings.
- Few, if any, “Strongly Disapprove” and “Somewhat Disapprove” ratings.

The scale employed uses:

- 1 for "Strongly Disapprove"
- 2 for "Somewhat Disapprove"
- 3 for "Neither Approve nor Disapprove"
- 4 for "Somewhat Approve"
- 5 for "Strongly Approve"

Thus, average scores range from 1 to 5, where 5 equates to the highest rating. Higher average scores are better than lower scores.

The “best” rating Justice Woods received (3.89) on the ten judicial characteristics was for *How he/she addresses and answers issues squarely posed*. And he ranks higher than his peers (3.77) on this item.

His average score of 3.45 on *How well he is prepared for oral argument* ranks him notably below the average score of 4.10.

Judges standing for retention have an additional row indicating the percent of responding attorneys *favoring* or *opposing* their retention. Also included here is an average percentage calculated for all judges in the same court system who are up for retention.

Each Supreme Court Justice has an additional row showing what percentage of the attorneys rating that Justice based their ratings on "Appearance before the Court", "Written Opinion", or "Both." Again, included is an average percentage calculated for all justices.

### **Welcome to the 2020 Judicial Advisory Poll**

The Judicial Advisory Poll is administered every two years by the Wyoming State Bar as a service to Wyoming voters. A goal of the poll is to provide judges with constructive feedback from the legal community.

You will be asked to evaluate each judge and justice **before whom you have appeared in the past 24 months**. You may also evaluate Supreme Court Justices on the basis of having read their written opinions. For each judge who will stand for retention in November, you will be asked to indicate whether you favor or oppose their retention.

Finally, if you rate a judge particularly high or low, please include your comments explaining that rating. All written comments will remain completely confidential.

If you choose not to evaluate a particular justice or judge, you may leave their page blank and skip over to the next page by clicking the "Next" button.

Please click "Next" below to begin.
